

Brookfield Closes \$14 Billion of Recent Fund Commitments

Brookfield Holds \$4.4 Billion Final Close on Opportunistic Global Real Estate Fund

Toronto and New York, July 23, 2013 – Brookfield Asset Management ("Brookfield") (TSX: BAM.A, NYSE: BAM, Euronext: BAMA) announced today an update on the status of its recent private and public fundraising initiatives. To date, investors have committed over US\$14 billion to these initiatives, which will be invested in property, infrastructure and timber assets.

Investors in Brookfield's funds include a diverse group of sovereign wealth funds, public and private pension plans, insurers, endowments, foundations, family offices and high net-worth individuals from North America, Europe, Asia and the Middle East as well as Brookfield's affiliates.

Brookfield's fund commitments include a final close last week on the US\$4.4 billion Brookfield Strategic Real Estate Partners fund (the "Fund"), a global private fund focused on making opportunistic investments in commercial property. Capital commitments to the Fund are well in excess of the original US\$3.5 billion fundraising target, reflecting strong investor demand, and the Fund ranks among the largest global private real estate funds. Brookfield Property Partners L.P. (NYSE: BPY, TSX: BPY.UN) announced that it has committed approximately US\$1.3 billion to the Fund as its lead investor.

"We are very pleased that we have a group of the world's leading investors, from many geographies and investor categories, who have put their trust in us and we are delighted to work on their behalf. We highly value these relationships, old and new, and express our sincere appreciation for their support," said Barry Blattman, Senior Managing Partner of Brookfield Asset Management.

The Fund will invest opportunistically in the commercial property markets, with an emphasis on North America, Europe, Brazil and Australia. The Fund's strategy is to acquire properties directly and invest in real estate companies and distressed loans and securities. In keeping with Brookfield's proven approach to investing, the Fund will have a particular focus on acquiring positions of control or influence as part of multi-faceted distressed real estate turnarounds or recapitalizations. The Fund has already committed approximately US\$1.1 billion or approximately 25% the equity to investments in Thakral Holdings Group, an Australian office and hotel property owner; Verde Realty, a U.S. industrial real estate company; and EZW Gazeley Ltd., a European logistics facilities owner.

"We believe we will be investing this Fund at a time when high quality commercial property investment opportunities are available on an attractive risk-adjusted basis," said Ric Clark, Brookfield Senior Managing Partner and Chief Executive Officer of Brookfield Property Group. "Our long history as an owner and operator of real estate assets positions us well to create significant value for Brookfield and our investors."
